

Attribute Tiles for Día de los Muertos

Printing suggestions

There are 12 different tiles:

- Face (medium): **F**ox, **G**ato (cat), **H**uman
- Body (large rectangular): **S**uit, **B**ones, **D**ress
- Guitars (long rectangle) (jaranas): **0**, **1**, **2**
- Gifts (small): **b**read, **c**hocolate, **d**alia

One pack contains the 12 different tiles:

1 pack = { F, G, H, Su, Bo, Dr, 0, 1, 2, br, ch, da }

Print as many copies as you need.

Example: to make 11 packs, print 1 copy of pages 3-5, 2 copies of pages 6-8, and 1 copy of pages 9-14. After cutting out, some elements will not be used.

Generate packs to distribute among all groups the best way possible.
(We recommend 1 pack for every 2-4 students)

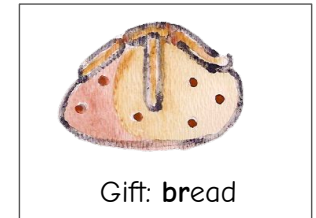

Print using colored paper if possible (helps students tell aspects apart)

For example:

-  Yellow: faces
-  Blue: bodies
-  Orange: jaranas
-  Green: gifts

page	type	# of cards

This is how 1 pack looks like:
